

Curriculum Vitae

Dr. Bertram Hoffmann

Member of the Executive Board at Bosch Rexroth AG

April 1, 2012

As of April 1, 2012, Dr. Bertram Hoffmann is a member of the Executive Board at Bosch Rexroth AG responsible for the Business Unit Renewable Energies and for coordinating Manufacturing and Quality Management.

Hoffmann studied engineering at the Karlsruhe University of Applied Sciences and later the Karlsruhe Institute of Technology and, having received his doctorate in engineering, joined Robert Bosch GmbH in October 1996 as a trainee.

He worked in various quality assurance roles in Aranjuez and Alcalá de Henares, Spain and in the production advice office in Schwieberdingen, Germany before taking over as Head of Technical Operations in 2003 and later Technical Plant Manager for Robert Bosch spol. s r.o. Budweis, in the Czech Republic.

In 2007, Hoffmann became a Director at ZF Lenksysteme GmbH in Schwäbisch Gmünd, Germany. In this role, his responsibilities included Production, Assembly, Industrial Engineering and Car Sales as well as the business unit Car Steering Systems including Product Development.
